

ELMI CERTIFICATE: COBIT® 5 Implementation Course

ELMI College is a fully accredited affiliate of Fox IT Service Management South Africa

Duration:	2.5 Days	Class Capacity	8-24 Students
Lectures:	Weekdays		

WHAT IS COBIT® 5?

COBIT® 5 (Control Objectives for Information Related Technologies) is a best-practice framework created for the management and governance of an IT department within an organisation. It is owned and administered by ISACA and provides best practices and tools for gaining the best value from information systems.

IS THIS FOR ME?

Building on existing knowledge, this COBIT® 5 Implementation training course provides you with a practical appreciation of how to apply COBIT 5 to specific business problems, pain points, trigger events and risk scenarios within an organisation, supported by the use of practical exercises and case-based scenarios.

This two-and-a-half-day classroom based, instructor led training is designed to ensure you to pass the COBIT® 5 Implementation exam. You will also learn how to apply the continual improvement life cycle to establish and maintain a sustainable approach to governing and managing enterprise IT as “normal business practice”. COBIT® 5 is beneficial for organisations of all sizes including Public Departments, Non-Profit organisations as well as commercial industries.

WHAT CERTIFICATION DO I GET?

On successful completion of your exam, you will receive an ELMI Certificate of attendance as well as a digital COBIT® 5 Implementation Certificate.

WHAT DO I NEED TO GET IN?

All delegates attending this course must have passed the COBIT® 5 Foundation training course and exam.

WHAT WILL I LEARN?

- How to analyse enterprise drivers
- Implementation challenges, root causes and success factors
- How to determine and assess current process capability
- How to scope and plan improvements
