Duration:	2.5 Days	Class Capacity	8-24 Students
Lectures:	Weekdays		

WHAT IS COBIT® 5?

COBIT® 5 (Control Objectives for Information Related Technologies) is a best-practice framework created for the management and governance of an IT department within an organisation. It is owned and administered by ISACA and provides best practices and tools for gaining the best value from information systems

IS THIS FOR ME?

With COBIT® 5 certification, you have already earned the respect and credibility in the IT profession and now you are ready to empower others with this wonderful skill set to ensure stronger, more reliable controls over IT processes in any organisation. COBIT® 5 Assessor course provides a basis for assessing an enterprise's process capabilities against the COBIT® 5 Process Assessment Model (PAM). Evidence-based to enable a reliable, consistent and repeatable way to assess IT process capabilities, this model helps IT leaders gain C-level and board member buy-in for change and improvement initiatives.
